

CERTIFICATE of Attendance

Mr. Wilko van Klinken

*Firma
EnWell B.V.
NL – 8401 JE, Gorredijk*

joined a training course for installation and maintenance of explosionproof protective systems covering the complete product range of Braunschweiger Flammenfilter GmbH – PROTEGO® such as Flame Arresters (FA), Pressure Vacuum Relief Valves (PVRV).

The following content has been trained

- Safety fundamentals of PROTEGO® FA and PVRV
- Design details of PROTEGO® FA and PVRV
- Importance of manufacturers manual for maintenance of PROTEGO® FA and PVRV

The participant is, based on this training, able to evaluate the proper use of PROTEGO® FA and PVRV in his plant. Furthermore he is able to recognise the necessity of inspection and maintenance and take the appropriate action, according to installation, operation and maintenance manual of manufacturer.

Period of validity: 36 months, requalification by additional training recommended

PROTEGO® Academy
a division of Braunschweiger Flammenfilter GmbH

Braunschweig, 24st October 2017
